CJC REPORT 2021

Law enforcement policies provide the foundation – the rules and standards - by which agencies operate. Good policies go beyond this foundation and provide a framework for officer decision making in critical situations and build transparency and trust within the community. This report provides a comparative snapshot of key policies and procedures in Santa Cruz County law enforcement agencies.

The purpose is to see where there is alignment, where there are gaps and where there are opportunities to improve. It is not a comprehensive look at local agency policies but provides a transparent overview of the policies that work to ensure officers respond safely and responsibly in key situations. While the purpose was to evaluate alignment of policies, the goal is not to necessarily have a standardized set of policies across jurisdictions. Local agencies and the communities they serve may have reasons why they have specific policies, don't have specific policies or have policies that differ from other agencies within the county. This analysis is to provide a transparent look at those policies and provide a starting point for evaluation by local law enforcement, elected leaders and the communities they serve. All local agencies participated voluntarily, openly, and transparently with the Criminal Justice Council to provide this information.

KEY TAKEAWAYS

- **There is widespread policy alignment between law enforcement jurisdictions in Santa Cruz County.**
- **On nearly every policy issue regarding use of force, technological deployment and release of information to the public, local law enforcement agencies had updated and modern policies**
- **Among the jurisdictions that don't already have a dedicated unit with sworn officers responding to behavioral/ mental health calls, 100% are supportive of the creation of an independent agency that would respond to these calls.**
- **Santa Cruz County is believed to be the first to conduct this type of public and transparent regional law enforcement policy review in the United States.**

SURVEY DEVELOPMENT AND METHODOLOGY

In light of national discussions regarding police policies and procedures, the Criminal Justice Council (CJC) embarked on an effort to review the policies pertaining to use of force, technology, independent oversight, behavioral health response and community transparency. The effort was led by CJC Chair, and Santa Cruz County Supervisor, Zach Friend and Santa Cruz City Council member Justin Cummings. The CJC created an ad hoc working group from within the general membership to oversee the creation of a survey that was sent in the Spring of 2021 to the Chiefs of Santa Cruz, Scotts Valley, Capitola, Watsonville and the SC Santa Cruz County Sheriff. In Summer of 2021, the CJC engaged Applied Survey Research (ASR) to assist with data analysis, compiling findings and data visualization. Every local law enforcement agency openly and transparently participated in the process and worked actively with the CJC and ASR to provide policies relevant to the analysis and answer any questions necessary. This report is the result of these efforts.

The Criminal Justice Council of Santa Cruz County (CJC) was created over thirty years ago in an effort to provide a more effective criminal justice system for the residents of Santa Cruz County. The all-volunteer membership works to:

- increase coordination and cooperation between criminal justice partners - government, non-profit, educational and others
- to reduce youth involvement in gangs
- to provide a forum for discussion and development of recommendations for strategies related to solutions to crime and violence locally
- provide long-range planning for the criminal justice system – with a focus on addressing countywide gang prevention and intervention
- provide timeline information on criminal justice matters and act as an advisory body to public entities in Santa Cruz County

MEMBERSHIP AND PROCEDURES

The CJC has a diverse membership that includes community leaders and subject matter experts from throughout the county. The membership includes local elected leaders from the Board of Supervisors and local City Councils, all of the Chiefs of Police and the Sheriff, the District Attorney and Chief Probation Officer, the Public Defender, the County Superintendent of Schools, the President of Cabrillo College, the Superior Court, the County Behavioral Health Director and local non-profit leaders. The CJC meets quarterly and these meetings are open to the public. More information about meetings and the CJC can be found on the CJC's website.
